

Beijing Science and Technology Proceedings of Soil Fertility(Chinese Edition)

Language:Chinese.Paperback. Pub Date: 2015-05-01 Publisher: China Agricultural Science and Technology Press. Beijing Agricultural face turned the festival the new normal. the new situation. soil and fertilizer workers recognize this form. seize this opportunity to take the initiative to adjust. innovation and development . soil and fertilizer will work and do it. so steady. bigger. really basic support and technology of urban modern agriculture healthy and sustainable development of the leading role. Wu Wenjiang. Li Ping. editor of the Proceedings of Beijing soil and fertilizer science and technology contains a total covering political study. soil. fertilizers. information technology. testing and other aspects of the paper 62. content-rich. diverse genres. including case studies. fertilization techniques. soil evaluation and fertilizer. etc.. soil and fertilizer records tech...
