

A Mothers Heart: Beverlys True Story

This book you hold in your hand may be small in size but the story it tells is huge! The message... Trust Gods Grace... He does not do miracles half way! This is a true story... written from the heart... without benefit of accomplished writers skills. There are no long descriptive pages meant to build suspense...life can do that all on its own. How many of us live our lives routinely...going along day after day... assuming things will always go as we plan? This mother found the peaceful, normal life she so treasured, turned upside down in a split second. How she coped (or didnt cope) is chronicled in these pages.
