

Crumble or Stand: The Workbook

Walking in love and forgiveness is not an easy task, especially towards those who have hurt us, but it is possible and there are numerous rewards. When my husband walked out of our front door, our family, and our marriage in pursuit of another woman, it left me feeling abandoned, rejected and alone. Despite the many months of harrowing turmoil and pain, God showed me step by step, day by day, how to love the unlovable and how to forgive the unforgiveable. This is a ten-session workbook offering you key elements from my book *Crumble or Stand: The Power of Forgiveness*, with the aim to give you ideas of how you can try to put some of its principles into practice on your own, with a small group, or with someone you trust. I hope that you will discover a new you! There may be a crumble moment along the way, but ultimately you will realise that you can walk in love you can forgive those who have hurt you and you can be victorious!
