

Death and Deliverance (The Redemption of Ode Book 2)

On the Continent of Ode, civil war has been declared in the formidable necromantic empire to the north. And as it begins, a fight in the wastes leaves Kahlista Torrid in mortal danger, though a serendipitous act by an ancient enemy may prove her salvation... while at the same time tearing her from all she knows. As she wanders her way through the Deadlands, the war waged on the necromancer way of life by Death Lord Axen spills over into the entire empire, and those left in the capital must face his wrath head on... while Kahlista's brother fights to find safety for his family amidst the chaos. Yet while the war claims its toll, new champions will arise, new threats will be issued, and Kahlista will be faced with the greatest of challenges; the conquest of her very heart and soul.
