

# Tapping Workshop-FEEL-Your Clutter: Healing Your Life (HOARDING Book 3)

\*Where does all of this stuff come from?  
\*How could I not notice this mess? \*I didnt notice the dirt. \*Whats wrong with me? \*I allowed clutter to become chaos.  
\*What can I do? The cause is always in your vibrational fields. You give your power to effects when the actual power is in the cause. When you clear causeeffect will dissolve. This means that when you clear your vibrationsyou will be able to clear all clutter with ease and in harmony. And, clutter will not returnunless you invite it into your homeby your choices.  
\*\*\* We have and own all the power for choice in our life. Yet, we give power to effects. We blame effectssymptomsappearances. We fear effects and symptoms. We get depressed because of effects and symptoms. And, then, every human resists effects. We have been trained to resist effects. \*Resistance brings more of what we resist into our lives. \*Resistance increases the power of cause in our vibrations. \*Resistance increases the density of our creations. \*Resistance makes it more difficult to change what we resist. \*Resistance is sayingYES to more of what we dont want to show up in our lives. Clutter is associated with so many aspects of our lives. Who Would Have Thought That Clutter Contributes To Less Than Instead Of To More Than? \*\*\* When we make the choice for clutterday after daywe make a choice that deprives us of joy, peace, ease, harmony, order and well-being. We choose to sayNO to Love. We choose to live in chaos. Unconditional Love is the Field of GodSource EnergyDivine Presence. Unconditional Love brings harmony, joy, peace and ease into our lives. Living in clutter brings the denser energies of chaos into our lives. For many humans, clutter seems to just happen. One day, you look around you and all that you see is clutter and chaos. Clutter is a multi-faceted life style. It cannot be

released by cleaning your home, car or office. This is cleaning the effectseffort. You must clear out the cause BEFORE you clean up the effects.Clutter asks you to Feel Your Feelings. Until weFeel Our Feelingswe will continue to expand our clutter. We will not notice what is all around us piles of stuff. Clutter feels comfortable. Clutter soothes. Clutter allows you to avoid. Clutter fulfills needs within your energy fields. Your needs will be different than my needs or your friends needs. All of our needs are unique to each of us. It depends on our stories and the feelings we have attached to our stories. We give to clutter the power to meet our needs or to soothe them. We dont realize that clutter is not soothing anything. If it had the power to soothewe would not need more and more things to add to our gathering and hoardinghabits. The only way you are able to satisfy your needs and meet your expectations and desires is toFeel Your Feelingsbreathe and release the feelings. Then, you will make new choices from within the field of Love and with Love as your foundation. Love is the field of all possibilities. When we choose from Loveall of our needs are met. We are Loved unconditionally by Source Energy. We are worthy of all good things. You are able to enter your Heart Energy Center several times a day and connect to unconditional LoveGod. All is well in the field of God.
