

I Still Believe in Santa Claus: Only for Grown Ups

Part of the magic of Christmas is seeing the bright eyes of children as they await the coming of Santa. That light dims as they grow older and are told THE TRUTH. It is with the hope of reigniting that light in the eyes and hearts of disillusioned children of all ages that this book is written. WARNING: This book is for those who have been told that there is no Santa. It contains spoilers that young children who still believe will not appreciate.
