

Shepherds Will

Shepherds Will is a Christian fantasy fiction novel. Satan has deceived men to think the moon is becoming geologically unstable to the point of exploding. His facade of machinery and alien presence sets the stage as the clock predictably winds down to the end of time. Satan influences his lackeys to do his bidding parlaying the frenzy of insanity into a manmade plan to devastate the world with a preemptive nuclear strike to ensure no survivors will be left on earth. Satans Ark is about to set sail. If there was not a Creator of the universe who loved us enough to give his only Son all would be lost. Through Dr. Oppenheim, an Angel (with a Saintly side-kick--Ed), John Shepherd, and Grace the King of Creation will prevail. Men are often blinded in their ambitions and misguided in their abilities but when they follow Gods Will faith bridges the gap from the unknown to trust in him for triumph.
