

Looking Through the Rearview Mirror: Drawing from the past to inspire the future

Looking Through the Rearview Mirror is a compilation of short stories and poems which draw from the past to inspire the future. These twenty-four stories and poems will appeal to old and young alike. Elvis fans will revisit the nostalgia of yesteryear while recalling old hymns he sung in a little country church outside his rural Mississippi home. Memphis residents will enjoy taking a stroll down Memory Lane through old neighborhoods. Others will find peace, encouragement, and spiritual awakening while sipping coffee during morning devotionals. This special collection also opens the door to experience southern hospitality, ethnic cuisine, and colloquialism at its finest. Sprinkled throughout are precious childhood memories with grandparents and family, offering a blend of the bitter with the sweet. This book will be one you will find yourself reaching for again and again.
