

Mirklin Wood (Daermad Cycle Book 2)

The Raven rises as the Ones Dragon falls. Padraigs quest to heal the fractured kingdom of Celdrya seems at an end as Tamyss life hangs by a thread. Darkness obscures the Ones True King as the kingdom stands poised on the edge of destruction, torn by factions, manipulated by dark magicks, distrustful of natural allies, and unaware that a brutal army swells at her borders. Mayhap the mantle of healing now passes to the Kin sorceress Ryanna, if she can battle herself free of the traps of court intrigue, the politics of mating and rising plague. Meanwhile, dragons and kings real and false stir and mage power changes hands as a kingdom that does not remember its past may be doomed to repeat it.
