

By The Word Moments: A Devotional Guide

We live in a world of how to books and manuals that describe how we should live. The greatest book to give us that instruction is the Bible, God's holy word. By the Word Moments is a 52 week devotional guide that will help you to apply the word of God to your everyday situations and circumstances. I have lived out each and everyone of them and hope you find strength and guidance as you work through each weeks devotion. The Bible is our road map to living a pleasing and redemptive life before God.
