

From Broken To Beautiful

.are you afraid that someday people are going to figure out you wake up most mornings feeling inadequate? And that deep inside, you hate yourself and it seems like everyone else has life figured out and you dont?YOU were created to do amazing things. YOU were created for a purpose. YOU matter. When you learn how to remove the negative barriers, false appearances and destructiveness in your life there you will find you..... beautiful, purposeful, authentic You.What would it be like to pick up a book, and after reading just a few pages, have a voice in your head-your own voice-lovingly and gratefully say Youre on your way home! ? From Broken to Beautiful is that book. When you first meet Lisa Hardwick, its easy to conclude that you are with someone who has always had high self-esteem, and had her life on the fast track to success since her teenage years-or before; you feel that way, because of the way she makes YOU feel when she is nearby, but it hasnt been that long ago, that you would have met a very different Lisa. From Broken to Beautiful is a book of hope, love, peace, strength and Lisa opens your heart to new possibilities, by opening her heart to you. Youll be touched, and transformed forever!VINCENT HARRISBody Language Expert and AuthorFrom Broken to Beautiful is a must read as Lisa Hardwick compels her readers and listeners to follow their dreams and inspirations wherever they may be broken. What I like most about interacting with Lisa is that she speaks from experience and speaks a language that can be understood by everyone from the everyday individual to the top researcher or scientist. There are no gimmicks or catches. Its just a selfless endeavor that originates from one human being, Lisa, wanting you to be the very best you can be! Give it a shot! You wont be sorry. Remember, one day, one conversation may not change your entire life - but it CAN and WILL get you started!---Carpe Diem!DR. JANICE COLLINS Award winning College Educator, Multi-Emmy Award winning Journalist and Motivational Speaker. Lisa Hardwick is a creative talented writer. Her enthusiasm for life and all it has to offer is contagious to those she comes into contact with. The first thing I noticed about her was a pure spirit shining through her eyes. They draw you in with a warmth that shines from the depth of her soul. This flame is what she wishes to see in all. She has an uncanny ability to see the smoldering embers in those she meets. With a desire to see people obtain the tools to become what they were created to be she fans that ember with great care until there is a great bonfire that can not be easily doused. Holding nothing back she shares her life story in the tradition of old. Hoping her story is passed on to all so that they might also find the courage to share their story. The stories of hope and healing.LISA DONAHUEArtist and Author
