

This is an inspirational diet book with a difference. It is a non-diet book - with no restrictions, point-counting, calorie-watching or danger foods. Instead, THE LITTLE BOOK OF DIET HELP is a pocket-sized guide full of tried and tested practical tips and tricks that restrictive diet plans cannot compete with. Author Kimberly Willis focuses on you, rather than the food, to help you beat cravings and take control of your eating habits. She uses a combination of yoga, hypnotherapy, NLP, acupressure and common-sense to identify ways in which you can really change your eating habits. Whether it is remembering key slogans (a glass of wine is the same as a glass of pasta), trying new distraction techniques (rubbing your finger between your nose and your top lip when cravings hit) or taking the time to really chew and taste each mouthful you eat, you will find strategies and coping methods that really work for you.

Sibyls and Seers: A Survey of Some Ancient Theories of Revelation and Inspiration, The Dream of the Earth, Marine Botany and Sea-Side Objects, Results Of Meridian Observations Of Stars Made At The Royal Observatory, Cape Of Good Hope, Exposition Du Systeme Du Monde (French Edition), You Are the Light of the World, The Projection and Calculation of the Sphere for Young Sea Officers, Faszination Astronomie: Ein topaktueller Einstieg für alle naturwissenschaftlich Interessierten (German Edition), Voices of Pentecost: Testimonies of Lives Touched by the Holy Spirit,
