

The Idolatry of God: Breaking Our Addiction to Certainty and Satisfaction

Whether listeners are devout believers or distant seekers, *The Idolatry of God* shows that we must lay down our certainties and honestly admit our doubts to identify with Jesus. Rollins purposely upsets fundamentalist certainty in order to open listeners up to a more loving, active manifestation of Christ's love. In contrast to the usual understanding of the Good News as a message offering satisfaction and certainty, Rollins argues for a radical and shattering alternative. He explores how the Good News actually involves embracing the idea that we can't be whole, that life is difficult, and that we are in the dark. Showing how God has traditionally been approached as a product that will render us complete, remove our suffering, and reveal the answers, he introduces an incendiary approach to faith that invites us to joyfully embrace our brokenness, resolutely face our unknowing, and courageously accept the difficulties of existence. Only then, he argues, can we truly rob death of its sting and enter into the fullness of life. Caveat emptor. Let the reader, the Christian, the skeptic beware, for with *The Idolatry of God*, Peter Rollins has taken his theological programme of turning everything we believe upside down to the next level. Not content to simply subvert how we believe, Rollins now turns his attention to what we believe. If you don't want your faith challenged, do read this book. ? Tony Jones, theologian-in-residence at Solomons Porch and the author of *A Better Atonement: Beyond the Depraved Doctrine of Original Sin*
