

## Planning Ahead

This book is meant for all people who have a dream and want to go places in the world of entrepreneurs. Start something different, be your own boss, do not make other people rich ... it is said all the time. But how easy is it? What are the downfalls? Are we trained or educated to be successful entrepreneurs? It is mainly guts, the drive within, that makes us do things, makes us dare to engage. Planning ahead helps to circumvent the pitfalls of entering a largely unknown world. This is a summary.
