

Eternal Inheritance

Twelve year old Sarah is happy living in rural Scotland with her grandparents until her father, Edward Parnell, comes to call. Now Sarah is running for her life. Pitted against power, greed and money Sarah has to try and find the clues that will lead her to the truth about her father and the family she has never known. Against the odds she sets off on a journey full of mystery and danger, finding along the way that there are strangers who will risk everything for you. Seeking refuge with Marty, an old friend of her mothers, together they begin to unravel the web of deceit and duplicity that surrounds the Parnell empire. She runs, but she knows that running cannot work forever and she along with her new found allies must go to the very heart of danger to face up to the power of Edward Parnell, a man who always gets his own way. Eternal Inheritance is an adventure novel full of twists and turns. There are friendships and bonds, betrayals and lies as Sarah finds herself caught up in a plan for her future that was devised before her birth.
