

Undertakers: The Rise of the Corpses

On a sunny Wednesday morning in October, a day that would mark the end of one life and the beginning of another, I found out my grouchy next door neighbor was the walking dead. When you turn around expecting to see something familiar, and instead see something else altogether, it takes a little while for your brain to catch up with your eyes. I call it the Holy Crap Factor. Forced to flee his home and family, twelve-year-old Will Ritter falls in with the Undertakers—a rag-tag army of teenage resistance fighters who've banded together to battle the Corpses. Praise for Ty Drago: ...The author hardly sets a foot or a word wrong. -Publishers Weekly More, if you please, Mr. Drago. -Booklist
