

The Adventures of Pete The Pirate

Pete the pirate and his crew find themselves in many sticky situations in their search for treasure. They lurch from one disaster to another but always have a way of surviving whatever comes their way. Pete can be a cranky funny old captain of the pirate ship, shouting orders and stomping around on his wooden leg, causing the crew to collapse with laughter at his antics. Their adventures take them to many parts of the world and often into danger.
