

Missionary Memories from Venezuela 1994-2005

Take a journey filled with life threatening experiences that missionaries are faced with as they bring Gods word to the far corners of the world. Experience the joy and satisfaction of large numbers of people responding to the Gospel of Jesus Christ. The author shares his experiences as a missionary in South America. He recalls the dangers of living in a country with the highest homicide rates in the country. This region also suffered from food shortages and corruption through every level of society. If that wasnt enough, there were also environmental challenges such as Dengue Fever, Malaria, and Cholera. In the rain forest, he risked encounters with flesh-eating piranhas and other dangerous wildlife. See how far the grace of God went to protect him on his travels.
