

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Fundamental of Environmental Studies, Wisdom: Its Nature, Origins, and Development, The Time for Turning, Sleep Better: How to Overcome Insomnia, Stop Snoring and Sleep Smarter, The Great Omission: Fulfilling Christs Commission Completely, Rise to the Challenge of Ministry, e-Study Guide for Sustaining the Earth: An Integrated Approach, textbook by G. Tyler Miller: Earth sciences, Environmental science, PSU Chemtrek: Small-Scale Experiments for General Chemistry (August 2009 - July 2010, Edited for Penn State),
