

The Poisons of Caux, Book II A macabre and funny fantasy trilogy After the perilous adventure of The Hollow Bettle (Book I), the dark reign of the Nightshades is over at last, and a new day has arrived in Caux, a land long ruled by poison and deceit. The ancient Prophecy-the coming of a Noble Child to cure the one, true King-has finally begun. But fear still grips the people of Caux, for they live in the shadow of the powerful, poisonous Tasters Guild. Sequestered high within its corrupt walls sits Vidal Verjouce, the Guilds diabolical Director, his dark magic more potent than ever. Eleven-year-old Ivy, famed healer and Noble Child, and her friend and taster Rowan must venture inside the Guild itself if they are to find the door to their sister world, Pimcaux-and fulfill the Prophecy. But a deadly weed-once thought extinct-threatens their journey: scourge bracken, a plant dedicated to domination and destruction, also known, ominously, as Kingmaker. Who else has detected it? And will Ivys remarkable gift-her dominion over plants and nature-be enough to thwart it? Susannah Appelbaums imagination soars with poison inks, flower codes, catacombs, secret crypts, and sinister twists in this middle volume of the macabre and magical Poisons of Caux fantasy trilogy. From the Hardcover edition.
