

The Obstacles to Faith

The Essentials Discipleship Series offers a unique perspective on the key topics necessary for spiritual formation. Each study is divided into three components: The Content, The Conversation, and The Challenge. These three components give each study an appropriate balance between the intellectual and the practical, challenging believers to both learn it and live it. The Obstacles to Faith continues the series by addressing several of the most common and most difficult spiritual roadblocks. Ideal for small group study or personal devotion, The Obstacles to Faith is beneficial for both newer believers and older believers alike.
