

## The Stone

A Jewish father explains difficult concepts to his son by telling stories. This is a book for thoughtful children and playful adults. I appreciate the strong, consistent design and earthy illustration which cause us to consider the unfolding story of the Stone. said renowned calligrapher Timothy Botts. International artist, Debby Topliff adds, This contemporary folk tale illuminates the central mystery and meaning of Gods Word through a perfect marriage of story and illustration. There are treasures to plumb on every page.
