

## The Watchman

When Detective Noah Adams meets the abused son of a powerful judge, he knows he must intervene and fast. The violence is escalating, and even Noah's special gifts may not prevent the unthinkable from happening. Relentlessly pursuing two cases, Noah receives a chilling message: Cody's deranged father has taken his son and it's up to Noah to follow the judge's twisted trail to find the boy before it's too late. Corrupt city officials, a missing socialite, an attempted murder, and a rescue in the middle of a blizzard entangle Noah in the most complicated case of his career. A case that will mean his ultimate redemption or will take him back into the dark history that haunts him.
