

Towards Baptist Catholicity: Essays on Tradition and the Baptist Vision (Studies in Baptist History and Thought)

Towards Baptist Catholicity contends that the reconstruction of the Baptist vision requires a retrieval of the ancient ecumenical traditions. Themes explored include catholic identity, tradition as a theological category, the relationship between Baptist confessions of faith and the patristic tradition, the importance of Trinitarian catholicity, catholicity in biblical interpretation, Karl Barth as a paradigm for evangelical retrieval of the patristic theological tradition, worship as a principal bearer of tradition, and the role of Baptist higher education in shaping the Christian vision.
