

When You Want to Yell at God: The Book of Job

Think you know Job? Think again. Craig G. Bartholomew wants to help you read the book of Job from a different perspective. Let go of the Job you think you know--and discover the real man. Is it true that what goes around comes around? Does right behavior ensure blessing? Is suffering always brought on by wrongdoing? Job's story refutes these notions, but it proclaims a much greater truth--God is always faithful. Join Bartholomew in *When You Want to Yell at God*, and experience the beauty of one man's struggle with God. In the Transformative Word Series, you'll read the Bible with a global cast of church leaders and scholars. In conversational tone, contributors from around the world explain the importance of a biblical book, showing how it can transform your life.
