

Women instinctively seek security. They want to feel loved and protected by someone who cares for them. For many women, their earthly fathers failed miserably in this role. In *Embraced by the Father*, Susanne Scheppmann explains how God invites every woman to dance with Him as a daughter might stand on tiptoe on her daddy's feet to high step across the room. Whether married, widowed, divorced or single, God still desires for you to dance through life in His everlasting arms. Through the metaphor of dance, women will recognize the grace, strength and security available to them through the names of God.
