

Wild at Heart (Justice League (TM))

The only way Mongul can regain the crown of War World is to fight Superman again and win. So he dispatches the bounty hunter Lobo to Earth to bring the Man of Steel back. Lobo finds Superman, and after they've fought to a stand-off, he holds up a remote control and tells Superman that he's hidden a thermonuclear device somewhere on Earth. Unless Superman goes with him, the planet will be dust. Superman surrenders and accompanies Lobo on an interstellar law-breaking spree, to the confusion of the rest of the Justice League. But Superman has a plan. Superman always has a plan.
