

The Earth-Shaking Truth: How and Why The Eonian Books Translation Was Made

The Earth-Shaking Truth exposes the greatest literary scandal of all time and reveals Earth's long-hidden & most urgent message. Of all the copious English Bible translations over the past 635 years, not a single one has been found to be reliable. So has the Bible for centuries been deliberately falsified and its divine truths concealed from the people? The publication of The Eonian Books: Matthew to Revelation by Christopher Sparkes in 2016 marked the first true and pure translation into English of the New Testament, so that the great truths of God's prophets and apostles are brought to light, many for the first time for centuries. Manifold are the blunders of the Great Rebellion which are now being exposed and dismantled and magnificent beyond all words is the truth of our inheritance in God and Jesus as declared by the prophets and apostles. This generation is on the brink of change. The day of man has run its course. But the God-given inheritance has been hidden and lies in dust. Now the dust is blown off. The truths about God and Jesus, about the coming Eons, and the gospel promise of an incorruptible mind and body for living throughout the coming Eons are brought back into the light and are seen in their sparkling brilliance, brighter than mountains of jewels. This is a message as strong as Noah's. As this Eon of darkness and evil is wearing away, and we are on the eve of the long-promised Messianic Eon, it is high time to wash off the violations of the past, and for the gates of the new Eon to swing open.
